

Raisons d'etres: Planks of our platform

Draft 2: May 19, 2007
Previous drafts remain valid

1. Every player deserves the Drive they have in the moment.
2. The game is not broken. Players expect participation proportional to their own, and a culture of respect, inclusion and openness.
3. The solvency of sf0.org is of highest importance. A Drive to Drive the Drive (Finance) Committee shall be squarely in the top ten of our legislative agenda.
5. Uncompromising war on art under the dictatorship of the proletariat.
6. We have forgotten #4. We commit to a future in which #4 is recovered through an open process of bringing together communities around a unified vision for #4.
7. No speech, no place, no vision, no actor is privileged.

PRIOR VERSIONS OF THIS PLATFORM ARE STILL IN EFFECT.

Vote today and uphold ours as a society of openness, hope, and victory. Build a future safe for drive and free of threat from ursines, AIs, AI-bears, and any combination of machine enhancement with large predator species. Build a future committed to the swift construction of time travel devices for the purpose of raiding the past to defeat our artificially intelligent enemies by any means necessary.

Build a future worth singing about. Blaze trajectories of desire!
